**Rehabilitation Engineering Technology (RET) Project**

San Francisco State University Foundation

P.O. Box 320160

San Francisco, CA 94132

415-338-1333

The Rehabilitation Engineering Technology (RET) Project at San Francisco State University has been providing assistive technology services to the California State Department of Rehabilitation, other government agencies, schools, businesses, and private individuals since 1992. We work with people with a broad range of physical, sensory, and cognitive disabilities and offer a full range of AT services from initial evaluation through product recommendations, set up, and training. We are uniquely available to modify off-the-shelf equipment and design and fabricate custom solutions. We also provide troubleshooting and repair services for AT equipment and related computer systems. We have offices in San Francisco and Berkeley and offer our services to DOR counselors and consumers within the greater San Francisco Bay Area.

ALL OTHER TERMS AND CONDITIONS OF THIS STATE PRICE SCHEDULE REMAIN UNCHANGED.
